

Salon Services

The Spa & Resort Salon offers quality grooming for all breeds including our feline friends. We feature the hydrosurge bath system. This unique system offers a jacuzzi-like jet action that penetrates through the coat for a thorough cleaning and relaxing massage. Pedicures and teeth brushing are available. You don't need to be a guest to enjoy a day of pampering in our first-class salon. Treat your pet to a relaxing, luxurious day of pampering at The Kennel Club Resort & Spa on a regular basis!

For the Owner

At The Kennel Club Resort & Spa we keep daily reports on your pet's eating habits, elimination, body weight and emotional condition. So whether your pet favors a more relaxing vacation or one of playful activity, he can do as much or as little as he wants.

Please accept our invitation to visit The Kennel Club Resort & Spa. We'd love to meet you and we'd like you to see for yourself the very special accommodations we provide.

The Kennel Club Resort & Spa is a member of the American Kennel Club Association and an affiliate of Veterinary Centers of America

My bed is real comfortable (Mom, you'll be glad to know they change it everyday) and everyone at The Kennel Club Resort & Spa is really nice.

We play together a lot and I even have my own toy, so I never feel lonely. I hope your vacation is as fun as mine. See you soon!

Love,
Spot

P.S. You don't have to send me a care package because the food is great.

Poolside Activities

The Kennel Club Resort & Spa offers your dog a variety of water activities, centered around our large sparkling, clear blue pool. Beach towels, beach balls, & water toys are provided free of charge by our recreation staff.

The Pet Suites

DOGS

Your dog will give his suite two paws up. He'll find we offer a variety of canine accommodations, all designed to provide privacy and prevent contact between guests. Raised flooring and beds are available if he desires. And he'll be pleased to note that the latest cleaning and flushing systems have been installed to maintain the most sanitary conditions possible.

CATS

Your cat will positively purr her satisfaction with our feline quarters. She'll be delighted by the cheerful, sunny room. Not to mention her choice of one, two, or three level apartments, which are cleaned daily. Our accommodations are designed to provide the secure, cozy environment that felines love. And we think you'll agree, they're simply the cat's meow.

Doggy Day Care

The Kennel Club Resort & Spa provides recreation, socialization, and TLC to your special furry companion while you are away for the day.

Health & Safety

To ensure the health and safety of all our guests, we recommend that pets with overdue vaccinations receive them at least two weeks before their stay. Upon registration at The Kennel Club Resort & Spa, we record your pet's medical history, personality profile and all of their special needs. For youngsters, oldsters, and slower-adapting pets extra attention is provided.

All guests are checked for fleas and parasites upon registration and if needed, a flea bath is the required regime. Your pet's personal staff member may also recommend a "refresh grooming" as part of his stay before departing. Both flea baths and "refresher groomings" are provided at the owner's expense.

Parents can check their worries at the door. We use the most advanced air purification system available, so your pet's environment remains temperature-controlled and virtually viral free. In addition, the members of our staff are not merely animal lovers, they're also well trained for animal emergencies. For your pet's further protection we also have a veterinarian on call 24 hours a day.
